The Future of Family History

Chad Hanna and Gillian Stevens

Chad Hanna travels from Berkshire to help us to examine what is new and what we can expect in the future in what is increasingly an internet based hobby.

Are we in danger of losing the ability to use original records?

Can we guarantee that the data available is accurate?

Chad Hanna will answer these questions and more.

Gillian Stevens is the Federation of Family History Societies liaison officer with Find My Past.

Gillian will take us through what is presently available and what we can expect in the future

Please note both of the speakers are experts in their field. This is an ideal opportunity to have your questions answered.
